

## ***How I Met Our Father***

A comedy about coming to faith ... and staying there

*How I Met Our Father* is a 90-minute play adapted from people's true coming-to-faith stories. Bouncing from hilarity to seriousness and back again, six actors portray a myriad of characters in this quirky exploration of how people arrived at faith in Jesus – and just as importantly, what keeps them there now. From hippies and housekeepers to problem children and pigeons, these stories are not to be missed!

All performances are followed by a talkback in which audience members are invited to stay and discuss the show with the cast.
